Re: Carolina Power & Light Company d/b/a Progress Energy Carolinas, Inc.
Power Plant Performance Report - Correction
Docket No. 2006-224-E

Dear Mrs. Boyd:

This is to inform the Commission that the Power Plant Performance Report filed in the above-referenced docket by Carolina Power & Light Company d/b/a Progress Energy Carolinas, Inc. ("PEC") for the month of November 2012 contained typographical errors in the Harris Nuclear Plant generation data. The net generation should have been 692,329 MWh but was incorrectly reported as 692,239 MWh, a difference of 90 MWh. The capacity factor and output factor should have been 106.69 percent but were incorrectly reported as 106.68 percent, a difference of .01 percent.

Enclosed is the corrected report for the month of November 2012. PEC apologizes for any confusion that these typographical errors may have caused.

Sincerely,

A handwritten signature in blue ink that reads 'Timika Shafeek-Horton'.

Timika Shafeek-Horton
